1. **EHM TECH Pendant expands capillaries** It stimulates increased blood flow, regeneration, circulation and oxygenation.
2. **EHM TECH Pendant is excellent for detoxification.** Scientists in Japan report that in the FIR treatment of clogged capillary vessels, heat expands the capillaries and then initiates the start of a process to dissolve hidden toxins. Far Infrared thereby promotes elimination of fats, chemicals and toxins from the blood: Poisons, carcinogenic heavy metals – toxic substances from food processing – lactic acid, free fatty acids, and subcutaneous fat associated with aging and fatigue – excess sodium associated with hypertension – and uric acid which causes pain. Furthermore, if sebaceous glands are activated, accumulated cosmetics in pores can be eliminated through the skin (sweat and oil glands) rather than by the kidneys.
3. **EHM TECH Pendant stimulates enzyme activity and metabolism.** – One hour under the Hot House burns over 900 calories by raising the metabolism and body temperature. FIR heat also breaks down cellulite – trapped water, fat and waste.
4. **EHM TECH Pendant promotes the killing of many pathogenic (disease causing) bacteria, viruses, fungi and parasites.**
5. **EHM TECH Pendant promotes rebuilding of injured tissue** by having a positive effect on the fibroblasts (connective tissue cells necessary for the repair of injury). Furthermore, it increases growth of cells, DNA syntheses, and protein synthesis all necessary during tissue repair and regeneration. Excellent for healing burns, scar tissue and skin problems.
6. **EHM TECH Pendant relieves nervous tension and relaxes auto euro muscles** thereby helping the body make the most of its intended healing abilities. FIR reduces soreness on nerve endings and muscle spasms, as muscle fibers are heated.
